

THE BAND GOES TO THE MAINLAND IN JUNE

Supervisors Decide Matter at Last Night's Meeting--Honolulu Police Force to be Increased--Charges Against Deputy Sheriff Kekauoha.

(From Wednesday's Advertiser.)

The band will go to the mainland on a tour advertising Hawaii in June and will be away four months. Joe Cohen will manage the trip.

The way was cleared by the Oahu Board of Supervisors last night, deciding to appropriate \$750 per month extra for the band for four months, the money to be devoted to bringing the band up to 40 pieces, properly uniforming the musicians and purchasing new instruments.

It was estimated that it will take \$51,045 to run the county during the present month.

The police force of Honolulu is to be increased by six additional officers and the Ewa and Waimanalo districts are to get an additional officer each.

Charges of misconduct against Deputy Sheriff George Kekauoha of Koolauloa were submitted by Wade Warren Thayer and were referred back for presentation in accordance with a provision of the County Act.

Present were: Chairman Adams, Supervisors Moore, Lucas, Cox, Archer, Paie; County Engineer Gere, W. L. Frazer, Auditor Bicknell, Road Overseer Nawakoa, L. Parish, Capt. Sam Johnson, County Attorney Douthitt, Detective Lake, Capt. Robert Parker, Joe Cohen, George Markham, Kapellmeister Berger, Clerks Kalanau, Kalamani, Buffandau, Stenographer Aca.

APPROPRIATIONS.

The following appropriations were made:

Lucas announced that Aala bandstand tenders would be opened on Saturday at noon.

GOVERNMENT DILATORINESS.

Lucas said that it was no good doing more work on the Waimanalo road until an 8-inch pipe has been put in by the government. The government, he said, played the operations of the Road Department by dilatoriness in doing its share of road repairs.

POLICE INCREASED.

The question of the suggested increase in the police force came up for discussion. It was generally admitted that the six officers asked for by Sheriff Brown were needed to properly patrol the town.

Lucas wanted to know where the money was coming from. He didn't want it to come out of road money.

Moore said that the matter was just as important as road repairs and strongly favored the granting of the Sheriff's request.

A motion that six extra officers be added to the Honolulu force was passed.

It was also decided to give one more floor to the Waimanalo and Ewa districts.

The Mendonza claim for damage done during a police raid on his premises was tabled.

PETERS AND PATROL WAGON.

A communication from Attorney General Peters was read. It was to the effect that his department would no longer pay half the expense of the maintenance of the patrol wagon and horses on account of complaints of overkillism.

Lucas said that there was a conspiracy in the Attorney General's office to do up the county at every turn. He declared that the attitude of the department made him sick.

It was moved and carried that the county take over the patrol wagon and that Sheriff Brown be advised to see that Federal and Territorial prisoners' transportation be henceforward delayed by the respective authorities.

KEKAUOHA'S PILKIA.

Sheriff Brown forwarded charges referred against Deputy Sheriff George Kekauoha of Koolauloa, by Wade Warren Thayer.

Thayer stated that he was thoroughly convinced of Kekauoha's thorough dishonesty and rascality, that he was utterly incompetent and that he should be removed from office.

It was decided to refer the letter of Thayer back to the writer, in order that he may obtain the signature of voters of the Koolauloa district asking for Kekauoha's removal for malfeasance, which procedure is provided for by the County Act.

The treasurer's report for January was read and ordered filed. It appears full elsewhere.

FUTILE ORDINANCES.

County Attorney Douthitt said that account of the illegality of the ordinance clause in county ordinances, the difficulty of collecting fines, it would be a waste of time and money to pass more ordinances with fine or imprisonment clauses in them.

ROAD WORK.

Road Supervisor Johnson submitted statement of the most important work completed during January and

a list of the most important work under construction at the present time.

His estimate of expense for the present month is \$20,000.

NO CRUMBS FOR CHURCH MICE.

Alex. Young asked the board to put in a retaining wall free of cost on the premises of the Waikiki Church opposite the Moana Hotel.

It was decided that the board had no authority to improve church property and request was therefore refused.

I. M. Cox made a similar request on behalf of Waikiki School, of which he is school agent. The letter was placed on file.

FIRES.

Fire Chief Thurston reported having responded to 6 alarms of fires during January, 2 of which proved false. The property at risk was covered by insurance to the amount of \$2350.

WANT NO PARK.

The following petition was read:

We, the undersigned, property owners, taxpayers and residents along Kalakaua Avenue (Waikiki Road), do hereby protest against any parking, curbing or planting of trees in the center of that street, believing it will seriously interfere with traffic on said street, and become dangerous to man and beast.

We heartily favor a wide open road with ample sidewalks on both sides of the Avenue, reserving the tree-planting and landscape embellishment for the public-spirited citizens and improvement clubs in that vicinity.

A PETITION.

A petition from the Manoa Heights Improvement Club was read, asking for much-needed road repairs, without which the beautification of the district could not be perfected.

BAND GETS MORE MONEY.

The question of the band going abroad was discussed.

Kapellmeister Berger said that if the band went abroad it went to do a missionary work on behalf of Hawaii.

He wanted to go, if the board elected to send the band, as well prepared and in as efficient condition as possible. He thought that such a trip could not fail to do Hawaii a great deal of good.

Joe Cohen spoke of the good the trip would do the Territory and pointed out that already many tourists were coming here, whose attention was first drawn to Hawaii by hearing the band at Portland Fair.

Moore moved that the band be allowed \$750 extra per month for the next four months and that the money be expended under the supervision of the board.

Emmons said he was perfectly willing to further anything that tended to benefit Hawaii but in this case he would like to be certain that the public really wanted the band to go away. If they did, he would wish the band God speed, with all his heart.

Moore said that the Promotion Committee would probably obtain the merchants' approval of the scheme, which he thought would be unanimous.

The motion was carried, Adams and Lucas voting "aye," with the proviso that the business community endorsed the project.

As matters stand the band will be absent on the mainland during the months of June, July, August and September.

KAPPELLMEISTER HENRY BERGER.

FEBRUARY ESTIMATES.

The estimates for February amounted to \$51,045 and a motion was carried passing the estimates.

MARKHAM'S SPIEL.

The chair invited any citizen present to express his views upon any subject

that might occur to him and in response George Markham delivered an address thanking the board for keeping the police patrol wagon in commission.

At 11:06 p. m. the board adjourned until the 19th inst.

REFERRED TO PETERS

An application, which was passed up to the Attorney General for his opinion, was filed with Deputy Territorial Treasurer Hapal yesterday for a charter for the Kaula Fruit and Land Co., Ltd. The President of the proposed company is T. C. Davies, the vice president is W. A. Kinney, the treasurer is F. M. Swazy, and the secretary Ernest H. Wodehouse. The capital stock is \$20,000.

It is stated that the objects of the incorporation are to raise and prepare for market fruits and sugar, to erect canneries, buy or acquire lands and generally do all the things that a plantation company or a fruit company may find it convenient to do under its charter. And the proposed charter contains this provision:

"All stock of the proposed corporation issued prior to July 1, 1908, shall be subject to the right of the McBryde Sugar Company, Limited, to acquire and purchase the same from the original or any subsequent holder thereof, at par, and an additional sum equivalent to eight per cent. per annum, semi-annually, on said stock from the incorporation of this company to the date said stock is taken over as aforesaid; provided that the McBryde Sugar Company, Limited, acquires and pays for said stock on or before July 1, 1908."

The next section provides that the stock of the new corporation can be called in by the directors thereof upon the demand of the McBryde Sugar Company, and gives the directors power to compel the return of such stock by suit; and upon its recovery to deliver it all to the McBryde Sugar Company upon the payment of the stipulated price.

There was some doubt in the mind of the Deputy Treasurer as to his right to issue a charter to a company thus within a company, or rather to a company whose charter made it subsidiary to another corporation, and so he passed the matter up to the Attorney General for his opinion on the law of the case.

MURDERER JOHNSON APPEARS IN COURT

(From Wednesday's Advertiser.)

The fiend who killed little Simeon Wharton, Frank Johnson, was in Judge Lindsay's court yesterday morning, and his attorney, S. B. Kingsbury, entered a plea of not guilty in his behalf, the case to be continued until moved on. This means that it will be tried as speedily as possible.

Johnson did not seem to know what he was doing in court, nor what was done for him. The attorney stated that his plea was not guilty, but the Judge put the question to the defendant himself as to whether he would plead guilty.

"I don't know, sir," Johnson answered, in a feeble voice.

"We enter a plea of not guilty," said Attorney Kingsbury. "I told the defendant, but he does not seem to understand."

Walter Mayes was arrested for gross cheat on a wireless requisition from the Sheriff of Maui.

A BILO PAPER TO GO DEMOCRATIC

Following is a translation from the Hawaiian paper, Aloha Aina:

We are informed that a few white Democrats of Hilo have bought one of the Republican papers of that town, having secured the majority of stock in that concern by purchase, and that it is to be the Democratic mouthpiece in English for that island. Hilo wine.

The Democrats of a country place have secured a newspaper where there are but a handful of Democrats.

The Democrats of Honolulu are like a lot of statues; a place where there are a number of rich Democrats and also some Hawaiian Democrats who are idly sitting around without a newspaper for themselves or a mouthpiece of their own; they are like a ship on the ocean without a compass to guide her to her destination, but are relying on the Ke Aloha Aina, without the least right to that paper, they knowing full well that that paper belongs to a woman, without a right to vote, having no aspirations for an official position, but working in her own interest, giving her support, however, to the Democratic party on account of her affection for the people, and being convinced of the fact that that party is the proper party for them under annexation; and because of the regard she has for them, through being led astray into parties not congenial to the poor, while they are American citizens now, and in that capacity, she is supporting the Democratic party and urging the people to affiliate themselves with that party, a party in whom they can have hope to have friends in Congress and who will listen to their wants, and who will examine into their troubles. Say, you Democrats of Honolulu, is this all you are going to do, to rely on a woman to work for your benefit, and you to stand by like a lot of dummies without voices? If you have a real desire to place the Democratic party on a solid basis in Hawaii, now is the time to start a paper of your own for the party, where you can publish your political views for the benefit of the party; do not rely entirely on Mrs. Nawahi's paper to do the work, and you to sit by until near the time, and then get a move on. Now is the time for you to take hold and be acting if there is any gumption in you, leaders of the Democratic party. Do not wait for this or that to turn up, for that is childish.

Let our Democratic friends excuse us if this thrust made by the Ke Aloha Aina be too severe, but, friends, you can see for yourselves that there is no wrong in it—it is the only thing to do.

VITAL FIGURES FOR JANUARY

Deaths registered in Honolulu for January numbered 74, being 52 males and 22 females, and by nationalities 3 Americans, 13 Chinese, 36 Hawaiians, 9 Japanese, 1 Korean, 6 part Hawaiians, 5 Portuguese and 1 other. Deaths under one year of age were 29 and from one to five 6. More than half the deaths or 42, it will be seen were of Hawaiians and part Hawaiians, out of this number 13 being under one year old.

The following is a general summary of the month's vital statistics:

Population of Honolulu official census 1900: 29,306.

The total deaths for January, 1906, were 74, an increase of 17 compared with the corresponding month of 1905.

W. G. Chalmers, superintendent of the Kahauiki Army Post construction, has been taken to a private sanitarium for treatment of the injuries he received from a band saw on Wednesday of last week. His wife and two children, whom he had not seen for a year, arrived in the Sierra the day he was injured, the steamer coming into the harbor just before the accident happened. One of the children was very ill on arrival.

Nothing has been done as yet by the committee of Central Union church appointed to find a successor to Dr. A. H. H. in the pastorate. P. C. Jones, J. P. Cooke and P. L. Horne are the committee.

CARTER WILL NOT RESIGN

(From Thursday's Advertiser.)

Governor Carter will not resign. He will very probably go for a long trip as soon as he has regained sufficient strength to make it safe for him to travel. Secretary Atkinson will climb up "on the lid" on Friday, and the government of the Territory will be handed over to him formally. Then the Governor will have leisure to contemplate his own plans, and will doubtless announce them in his own good time.

It is thought by friends of the Governor that these will include a long vacation, and perhaps a trip to New Zealand and the Australian colonies. At all events, the Governor's friends do not look with favor on a trip to the mainland, because there he would not be out of touch with Hawaiian affairs, and certainly would be apt to be bothered by reporters and politicians. For like reasons a trip to China and the Philippines is not favored. If the Governor went to Manila he would inevitably become more or less taken up with public matters. What he wants is complete rest, and down in the colonies they do not care a rap about America and American officials—excepting in a perfectly polite, colonial way.

As to resignation, even when Jack comes of age, while Governor Carter may not find his job altogether to his liking in some of its aspects, he has planned out certain work to be done, and it is known to be a cherished purpose of his to complete this before yielding the helm to some other hand. The immigration business is the thing the Governor has set his heart upon carrying to a successful issue. He wants to see this Territory started on the road to true Americanism, on his own account and to keep faith with President Roosevelt. Also, and above all, he wants to see the Territory Americanized for its own sake and the sake of its people. This has been a hard fight, and promises to be a long one. Governor Carter does not purpose to abandon it before it is won. That is must be won in the end goes without saying. There is no future for Hawaii to be considered but an American future.

And so the Governor is not going to resign and recommend Secretary Atkinson for appointment in his place. The two will work together for common purposes, as they have heretofore. And perhaps, although he is sick, the Governor will have a voice in naming the man who is to take the Azores trip.

Mrs. Carter was reported much better yesterday, and the two children have recovered from their attack of grip.

While carrying on some excavations near the foundations of the old Church of St. Peter, on top of Montmartre, M. Sauvageot, a well-known French antiquarian, has discovered a love-letter which is seven hundred years old. It was written by the knight Jean de Gisors to his lady, Alice de Lisle. In his letter the knight declares for all the world to know that he has worshipped the fair Lady Alice from afar, that never had she given him any right to declare his love, but that her image has been his guiding star for years, and that now, on the eve of battle, he wishes to send her a chaste farewell. Apparently the damsel never got the letter, for the knight was slain the next day upon the battlements, and buried in the trench, whence his bones have been exhumed by the casual pick of a modern antiquarian.

Bandmaster Berger is quoted as figuring out that Oahu county will save \$3600 by letting the band travel four months on the mainland with Joe Cohen.

That Tired Feeling

Which is so disheartening is often caused by poor, thin blood, resulting in deficient vitality.

The blood needs to be enriched and vitalized; and for this there is no medicine in the world equal to

Ayer's Sarsaparilla

The cures it has worked, the men, women, and children it has restored to health, are countless in number. One such experience is as follows:

"I have used Ayer's Sarsaparilla in my family for years, and would not be without it. I used to suffer with boils and skin eruptions, attended with great lassitude and exhaustion. In fact, I was so ill that I could not attend to my business. Being advised to try Ayer's Sarsaparilla, I did so, and I am happy to say that the medicine restored me to perfect health. I have since used Ayer's Sarsaparilla for my children, in various complaints, and it has always proved effective. I can safely recommend it to sufferers as a true blood purifier."

There are many imitations Sarsaparillas.
